Partners Program

The CCA Partners Program is a corporate membership program for organizations wishing to affiliate themselves with the CCA and the Canadian beef industry. In addition to showing support for Canadian cattle producers, the program provides the opportunity to participate on issues affecting the industry. As a non-voting member, the partnership provides a unique method to foster valuable relationships with those involved in the cattle industry.

The program offers three levels of partnership – Prime, AAA, and AA, allowing organizations to select a level of involvement that complements their corporate sponsorship goals.

With the support of corporate partners, the CCA will continue to work toward a dynamic, profitable Canadian beef industry with high quality beef products recognized as the most outstanding by customers at home and around the world.
